MD JUMMAN UDDIN

Senior Officer, Infrastructure Platforms & Engineering
Community Bank Bangladesh PLC | System Administration · Virtualization · Security

PROFILE SUMMARY

IT Infrastructure Engineer with over 10 years of experience in banking IT, specializing in enterprise server administration, infrastructure engineering, and data center operations. Strong technical expertise in Windows and Linux server administration, VMware virtualization, Active Directory, Microsoft Exchange, and containerized environments. RHCSA- and CKA-certified professional with hands-on experience in system hardening, infrastructure optimization, performance tuning, high availability, and secure system administration. Experienced in managing mission-critical IT infrastructure, troubleshooting complex technical issues, implementing security controls, and maintaining operational stability across enterprise environments. Skilled in infrastructure documentation, change management, and preparing responses to internal and external audit observations related to IT infrastructure.

WORK EXPERIENCE

Senior Officer, Infrastructure Platforms and Engineering Team

Community Bank Bangladesh PLC *2026 – Present*

- Lead enterprise-level System Engineering operations to guarantee high availability, optimal performance, security, and stability across IT infrastructure.
- Administer heterogeneous environments comprising Windows and Linux servers, managing installation, full-cycle configuration, performance tuning, and patch deployment.
- Architect and maintain Windows and VMware virtualization platforms, overseeing server provisioning, resource optimization, capacity planning, and advanced troubleshooting.
- Perform lifecycle maintenance, diagnostics, firmware updates, and hardware upgrades for Dell PowerEdge physical servers to minimize downtime.
- Administer Microsoft Exchange systems to deliver highly secure, reliable, and uninterrupted email services.
- Oversee Active Directory (AD) administration, including user/group management, domain services, and strict Group Policy Object (GPO) enforcement.
- Supervise daily data center operations, ensuring environmental controls (power, cooling), efficient rack management, and strategic hardware lifecycle planning.
- Enforce and align operations with ISO/IEC 27001:2022 standards, specializing in access control, privileged account management, system hardening, network segmentation, and centralized logging.
- Facilitate formal change management and secure system provisioning; actively support internal and external IT audits by maintaining accurate compliance logs, infrastructure inventories, and security trails.
- Manage critical infrastructure documentation, including technical tender specifications, purchase approvals, billing records, and comprehensive asset tracking.

Senior Officer, System Administrator

First Security Islami Bank PLC *Feb 2016 – Feb 2026*

- Oversee data center setup including racks, servers, storage units, SAN switches, tape libraries, and critical infrastructure systems.
- Manage Linux-based environments.
- Utilize Docker to deploy scalable, containerized applications and services efficiently.
- Administration of Active Directory and file servers.
- Drafted official purchase notes and facilitated vendor negotiations for project-related procurements.
- Maintain and manage virtualization platforms (VMware vCenter, ESXi) including VM configuration and migration.
- Operate virtual machine deployments on OpenStack, ensuring optimal scalability and resource utilization.
- Oversee Microsoft Exchange email platforms, applying policies and conducting routine administrative duties.
- Handle configuration and upkeep of Linux/Windows servers, focusing on system updates and overall performance.
- Monitor application and service status of critical components through SolarWinds SAM.

PERSONAL DETAILS

FATHER'S NAME
Md Jashim Uddin

MOTHER'S NAME
Selina Akter

DATE OF BIRTH
7 April 1991

NATIONALITY
Bangladeshi (by birth)

BLOOD GROUP
B Positive

PERMANENT ADDRESS
Yakubdandi, Ward 01, Patiya, Chattogram

INTERESTS

- Evaluating open-source tools and platforms for enterprise use
- Linux systems administration and server performance optimization
- Infrastructure automation using PowerShell and Bash
- Hardware and software troubleshooting and diagnostics

ACHIEVEMENTS

- Secured highest mark in a subject in the DAIBB Exam 2019.

EDUCATION

MBA in Finance and Banking *2015 – 2017*
International Islamic University Chittagong
CGPA: 3.125 out of 4.00

B.Sc. in Electronic and Telecommunications Engineering *2010 – 2014*
International Islamic University Chittagong
CGPA: 3.413 out of 4.00
